Comments from Previous Participants

"I would like to thank you for your "Boot Camp" presentation on April 29th. This was one of the most informational presentations I have been to in years. It was well worth anyone's time, whether for professional information or just the average person wanting to increase their knowledge on water rights."
- Jon Erwin, Erwin Consulting Engineering, LLC

"Your help in providing expertise to farmers and individuals representing forestry, ODOT, irrigation districts, county, nurseries, real estate and bankers within the agri-business industry was well received and much appreciated. We are still receiving positive feedback from the Boot Camp."
- Liz VanLeeuwen, Chair,
Lynn Soil and Water Conservation District

Presenter

Laura A. Schroeder

Schroeder Law Offices, P.C., Portland, Oregon

Laura A. Schroeder provides consultation and advocacy on EVERYTHING water throughout Oregon, Washington, Idaho and Nevada appearing in both administrative and judicial forums at the state, federal and appellate courts.

For 20 years, Laura Schroeder has successfully advised both domestic, agricultural and water management organizations concerning the use of surface, ground and storage water; competing ownership interests; development, maintenance and operation of facilities; transfer of associated real property interests; securing easements for water conveyance and use across private and public lands; negotiating contracts, amendments and taking title through the Bureau of Reclamation; obtaining damages for aquifer depletion; negotiating water quality permits and agreements; establishing conservation easements; Clean Water Act permitting including dredge, fill and wetlands.

Laura Schroeder is a published author and recognized speaker on water resource issues. After more than 10 years as a partner in a family farm row crop operation in Eastern Oregon, Ms. Schroeder obtained her J.D. degree from Northwestern School of Law in 1987. From 2006-2009, Ms. Schroeder provided international consulting advice through USAID to the Republic of Armenia as it modernized its water code to comply with EU directives.

For more information visit the Schroeder Law Offices, P.C. website.
